

2011 GARDEN SHOW KOBLENZ
Enhance your river cruise on the Rhine

Set against a backdrop of vineyards and historic castles along the banks of Rhine and Mosel, the German winegrowing town of Koblenz has always charmed visitors with a rich array of tourist attractions. Situated along the UNESCO World Heritage Site of the "Upper Middle Rhine Valley," the town's narrow lanes, busy squares and impressive historic buildings bear testament to a 2,000-year-old history that spans back to Roman times. This year, Koblenz will come alive with a spectacular new event: the Federal Horticultural Show Koblenz 2011 (known in German as Bundesgartenschau or "BUGA"), taking place from April 15 to October 16, 2011. AMAWATERWAYS is excited to offer this unforgettable event as an included excursion on selected dates of the following itineraries:

- **The Enchanting Rhine**
- **Europe's Rivers & Castles**

Encompassing close to 120 acres, the Garden Show will take place on three main areas, the Electoral Palace, the Blumenhof courtyard and the hilltop Ehrenbreitstein Fortress. These venues will serve as the primary settings for magnificent floral displays of every color, shape and variety imaginable. Exhibits and themes will change throughout the show's duration.

In addition to flowering carpets of dazzling seasonal blossoms in flower halls and outdoor exhibit sites, visitors can stroll along an inviting riverside promenade beside the Rhine and Mosel. The Garden Show will also include cultural highlights and events, ranging from symphony concerts to street art. In total, more than 3,000 such events are scheduled, featuring music, theater, seminars, children's programs and themed evenings.
